## About me

a Computer Science Studies fresh graduate of BINUS University with a CGPA of 3.72 which are fast-learning and curious to learning new things. I love to use my creativity, ideas, and my skills to create a creative idea that not only looks beautiful but also can be useful for many people. During my college year, I actively participated in organizations to hone my abilities and skills. I also have working experience in UI/UX and data science. Highly interested and open to opportunities in product design, product management, UI/UX, data science, and tech related jobs.

## Education

**BINUS University** – Computer Science (S1)

Aug 2019 – Aug 2023

## Experience
